RE:

Town of Lapel
Town Council

Water Utility Improvements Project Division "B"

Proposed Change Order No. 4

Dear Council:

Enclosed, for consideration and approval, please find proposed Change Order No. 4 for Division "B" of the Town of Lapel's Water Utility Improvements Project.

The following items are included in this change order:

Pendleton Ave – Contaminated Soil Removal

\$ 231,077.77

TOTAL

\$ 231,077.77

### Pendleton Ave – Contaminated Soils Removal

During initial excavation at the intersection of Pendleton Ave. and Ford. St., the Contractor reported a strong petroleum smell coming from the excavation. Upon further investigation, it was determined that the car dealership was previously a gasoline station. Due to the existing contaminated soils in the area, it was determined that the contaminated soil and piping in the area must be removed and replaced. New water main was installed in clean soil to address the contamination. As a result, additional costs were incurred for remediation efforts and replacement of newly installed water main. The originally quoted cost provided by the Contractor was adjusted based on 12 of the identified 15 days being used to perform the work.

Due to delays associated with utility locates and unforeseen contaminated soil remediation, a time extension composed of 133 additional days.

Change Order No. 4 and supporting documentation on costs are enclosed with this letter. We find these costs to be justified and reasonable for the required work. Should you have any questions, comments, or concerns, regarding the above information please feel free to contact us.

Sincerely,

### COMMONWEALTH ENGINEERS, INC.

This work is required due to an unforeseen site condition encountered during construction activities along Pendleton Avenue (S.R.13). Since this work was not included within the current construction project scope, supplemental funding will be required from the Indiana Finance Authority State Revolving Fund (SRF) Program. SRF has indicated that funds are available in the form of a 0% interest supplemental bond that shall be used as to mitigate funds issue while the Town continues to seek legal remedy for previous issues, inactions, and other unforeseen circumstances to which the Town does not agree to certain liability not assumption of responsibility. SRF is working directly with the Town and their Financial Consultant to assemble Due Diligence documentation in advance of scheduling a Pre-closing for the supplemental bond.
