For consideration a petition from Mr. Bush for a special use variance for a property located 2841 South Brookside Rd.

After a presentation from Mr. Bush and discussion from those in attendance it was determined that Mr. Bush had no definite plans for this property. It was determined that in the best interest to table the petition until Mr. Bush could contact the building inspector and come up with a more definite plan for his property.

In the matter concerning the Red Barn event center, it was determined that the matter of permanent restroom facilities had not been met. It was agreed to extend the deadline for permanent restroom facilities to December 31, 2024. We would then ask the legal staff to send a letter to the affected parties informing of this decision.
